77399

TEXAS

Millsp.

9301 Cakile geniculata (Robinson)
Flowers mauve to nearly white. Plants highly branched beginning near base Strand. near jct. of State routes 124 and 87. Galveston County. Tex (9) 8 1/2 mi E of Galveston Mar 11. 1993

9302 Lepidium
Flowers white. Habit ranging from single stems to highly (11) branched Older plants somewhat fleshy. Co 9301.

9303 Lesquerella ~~recurvata~~ argyraea (Gray) S. Wats
Perennial Stems one to several. Petals yellow. (16) Limestone outcrop. Off Texas Route 90. 31 mi E of Brackettville. Kinney County Mar 13. 1993

TEXAS

9304 Draba platycarpa Torrey & Gray
Annual. Stems simple
or branched near base.
(13) Pedicels and pileques widely
spreading. As 9303

9305 Sinapidendron rigidum L.
Roadside weed. As 9303
(2)

9306 Lesquerella fendleri (Gray) S. Wats.
Perennial, branching from
near base. Sometimes
rooting at nodes. Limey
(7) rubble just east of Texas
Route 90 and Spur 406.
9 miles E of Comstock, Val
Verde County.

Mar 13, 1993

TEXAS

9307 (6) *Lesquerella fendleri* (Gray) S. Wats. Foliage grayish. Perennial. ± woody at base. Off Tex Rte 90 1.8 mi E of Comstock, Val Verde Co.

Mar. 13, 1993

9308 (24) *Nerisyrenia camporum* (Gray) E. Greene Perennial. Stems numerous. Petals white turning purplish. Gravelly road cut near U.S. Rte 385, 6.2 mi N of jct of Tex Rt 2627, Brewster County.

Mar. 14, 1993

9309 (4) *Lesquerella fendleri* (Gray) S. Wats. Woody at base. Caudex often branching. As 9308

TEXAS

Rollins

9310 *Thelypodium texanum* (Cory)
Petals white to pale mauve.
usually branching near base.
Basal leaves pinnately
Compound. Sulphur Creek, Terlingua, Brewster Co.
Mar 14, 1993

9311 *Lesquerella argyraea* (Bray) S. Wats.
Perennial. Petals yellow.
Pedicels sigmoid. As 9310

9312 *Lepidium* ~~*montanum*~~ *alyssoides* Bray var. *angustifolium* var. ?
Petals white, showy. Basal
leaves pinnately compound.
Cauline leaves weakly entire.
As 9310

9313 *Lepidium* var. *wrightii* (Bray) C. L. Hitchc. *lasiocarpum* Nutt.
Petals minute, white. Siliques
pubescent. As 9310

TEXAS

(Brayg) E. Brown

9314 Nerisyrenia camporum, Petals white turning lavender. Branches erect, gravelly river bed, along Rio Grande River, 42.9 mi E of Presidio, Texas Farm Rd. 170, Presidio County (2) Mar. 15, 1993

9315 Lesquerella purpurea (Brayg) S. Wats, Petals white in 2 pairs ganiculate. Probably perennial. Pedicels in a pinate and downward. Basal leaves entire Rocky and gravelly bed of Fresno Creek above Texas Farm Rd. 170, Presidio County (16) Mar 15, 1993

9316 Descurainia pinnata (Walt.) Britt. Pedicels spreading almost perpendicular to rachis. Plants apparently annual (1) Cf 9315

TEXAS

9317 Thelypodium texanum (Cory) Rollins
Sepals and petals widely spreading. Petals white.
(5) Pedicels slightly descending to widely spreading at right angles to rachis. As 9315.

9318 Draba platycarpa Torrey & Gray
Pedicels spreading at right angles to rachis to
(2) slightly divaricately ascending. As 9315

9319 Lepidium lasiocarpum Nutt. ← var. wrightii (A. Gray) C. L. Hitchc.
Petals minute, white. Pedicels
(4) not flattened. Stems simple or mostly branched.
As 9315

TEXAS

9320 Lesquerella gordonii (Gray) S. Wats. Coulter, purple. Petals yellow. Strongly strigillate. Basal leaves shallowly pinnate-dentate to entire. Siliques glaborous. 11.5 miles east of Van Horn, off US 90. Culberson County.

(20)

Mar. 15, 1993

9321 Chaetopera tenella (Pallas) DC. Flowers purple. Siliques sharp pointed. As 9320

(3)

9322 Descurainia subsp. ochroleuca (Woot.) Detling pinnata (Walt.) Britt. Highly branched leguminous plant. Petals yellow. Pedicels widely spreading. Off Interstate 10, 3 mi E & SE of McNary Hudspeth County.

(8)

McNary

Mar 16, 1993

TEXAS

9323 Lepidium lasiocarpum Nutt.
Annual. Branches from
base. Petals absent. Pedicels or Mandate
(8) flattened. As 9322

(Englm.) Rollins
~~(Engl.) E. Greene~~

9324 Dimorphocarpa wislizenii
Mostly branched from
near base. Abundant.
(15) Sandy soil near arroyo
As 9322.

NEW MEXICO

9325 Descurainia ~~Sophia~~ ?
Petals yellow possibly
varying to white. Pedicels
(14) widely spreading. Annual
Possible mixture. Margin
of playas. Near State Rte 113 South
6.5 mi E of Tondenay,
Hidalgo County

March 16, 1993

9326 *Lepidium lasiocarpum* Nutt.
Petals present, minute.
Pedicels not strongly flattened
(12) Cf. 9325

9327 *Lesquerella gordonii* (Gray) S. Wats.
Flowers yellow. Stems one to several. Basal leaves entire to infrequently dentate or pinnatifid. Silique glabrous. Pedicels slightly sigmoid. Abundant.
Roadside off Interstate 10, Lordsburg, Hidalgo Co.
Mar 16, 1993
Petals strongly unguiculate
(20)

ARIZONA

9328 *Descurainia pinnata* subsp. *glabra* (Wooton & Standley) Detling
Buds purplish. Petals minute, white. Pedicels at right angles to rachis. 2.6 miles west of Bowie, Cochise County off I-10
Mar 17, 1993
(13)

ARIZONA

Standley) Detling

9329 Descurainia pinnata subsp. glabra (Woot. + Stand.) Detling
Buds greenish yellow. Petals yellow. Pedicels widely spreading. As 9328.
(7)

9330 Draba platycarpa Torrey & Gray
Petals white. As 9328
(1)

9331 Lesquerella gordonii (Gray) S. Wats. Annual. Petals yellow. Basal leaves mostly entire, rarely pinnate-dentate. Siliques glabrous. Pedicels recurved. Abundant in mesquite-Juniper area 12 mi E of Bowie off Interstate 10 Cochise County
(15)
Mar. 17, 1993

ARIZONA

9332 Eupatorium subsp. capitatum capitatum (Dougl. ex Hook.) E. Greene
Perennial. Basal leaves entire, numerous. Petals yellow. paired. Fls fragrant. Larva desert
(10) a mi E of San Simon Cochise County. near jct of Dot Rd
San Simon
..Mar 17, 1993

9333 Lesquerella gordonii (Gray) S. Wats,
Pedicels reflexed. Petals yellow, strongly unguiculate. Silicles glabrous, slightly compressed parallel to septum to spherical.
As 9322

9334 Streptanthus subsp. arizonicus (S. Wats.) Rydb. carinatus Rydb. Rydberg ex Gray
Bud green. Calyx gibbous. Petals greenish White to
(11) brownish. Off Interstate 10, edge of arroyo, 10.2 miles east of Tucson, Pima County.
Mar 17, 1993

ARIZONA

9335 Descurainia pinnata subsp. glabra-
Petals yellow. Pedicels at right
angles to rachis. Leaves
(10) bipinnatifid. Abundant
at 9334

9336 Streptanthus subsp. arizonicus (S. Wats.) Kruckeb.;
Rydberg; Rydberg & Worthington Strong
carinatus Wight ex
Sepals whitish. Calyx gen-
V Stiped Petals brownish
(12) In gravel at Margin of
arroyo. 10 mi north of
Madera Canyon, Pima Co.
May 18, 1993

9337 Descurainia subsp. pinnata pinnata (Walt.) Britt.
Pedicels widely spreading
to divaricately ascending.
(7) Flowers very light
yellowish. As 9336

ARIZONA

9338 ✓ (10)

~~Arabis~~ Guillenia lasiophylla (Hook. & Arn.) E. Greene
Petals white. Siliques deflexed.
As 9336.

9339 (5)

Lesquerella gordonii (Gray) S. Wats.
Pedicels sigmoid. Petals
unguiculate. Siliques
globrous As 9336.

9340 (10) Granules Sid. Mesquite

Lepidium virginicum L. var. medium (Greene) C. L. Hitchc.
Petals minute. White Basal
leaves pinnately lobed. 3
miles north of Madera
Canyon. Pima Co.
Mar 18, 1993

9341 ✓ (8)

Sisymbrium irio L.
Petals yellow Roadside weed,
Off Interstate 19, 15.2 mi N
of Nogales. Santa Cruz Co.
Mar 15, 1993

ARIZONA

c 9342 *Descurainia pinnata* subsp. *halictorum* (Cockerell) Detling
Descurainia pinnata (Walt.) Britt.
Petals light yellow.
Pedicels at right angles to
rachis. Mesquite area, 5.8 mi
(8) W of Amado, Santa Cruz Co.
Mar 19, 1993

9343 *Lepidium lasiocarpum* Nutt.
Apetalous. Siliques densely
pubescent. Pedicels widely to
(6) divaricately ascending, not
(7) flattened. Cf 9342

9344 *Lesquerella gordonii* (Gray) S. Wats.
Basal leaves entire to shallowly
sinuate. Pedicels sigmoid
(12) Siliques glabrous. Common
Locally arroyo. 3 mi N
of Arivaca, Pima Co.
Mar 19, 1993

ARIZONA

9345 Lepidium lasiocarpum Nutt.
Petals absent. Siliques
divisive. Off Arizona State Rte
(7) 86, 22 miles west of Robles
Junction, Pima County
Mar. 19, 1993

9346 ~~Coulterella~~ Guillenia lasiophylla (Hook. & Arn.) E. Greene
Petals white. Siliques from
strictly reflexed to somewhat
spreading. Off Route 86
just north of Sells, Pima Co.
Mar 19, 1993

9347 Lepidium lasiocarpum Nutt.
Intricately branched. Petals
(5) absent. As 9346. Siliques
glabrous.

ARIZONA

9348 Brassica tournefortii Gouan

Flowers pale yellow. Pedicels and siliques divaricate, ascending. Plants up to 3 feet tall. Route 86, along roadside, 26.5 mi E of Why, Pima County

March 19, 1993

9349 Lesquerella tenella A. Nels.

Petals yellow, unguiculate. Siliques glabrous. Pedicels widely spreading, slightly sigmoid. Ajo Mountain Drive, Organ Pipe Monument, Pima County

March 19, 1993

9350 Lesquerella tenella A. Nels.

Petals yellow, unguiculate. Pedicels slightly sigmoid. Larrea-mesquite area, 9 mi N of Ajo, Maricopa Co, off Hwy 85

Mar 20, 1993

ARIZONA

9351 Lepidium lasiocarpum Nutt.
Apetalous. As 9350
(5)

9352 Erysimum inconspicuum (S. Wats.) MacM.
Petals yellowish. Very weedy.
(4) As 9350

9353 Descurainia pinnata (Walt.) Britt. subsp. halictorum (Cockerell) Detling
Petals pale yellow. Seliques and pedicels widely spreading.
Near an arroyo, off Arizona Route 85, 11 mi N of Ajo.
Maricopa County
March 20, 1993
(12)

9354 Guillenia lasiophylla (Hook. & Arn.) E. Greene
Flowers creamy white. Seliques fully to strongly reflexed
(9) As 9353

✓

ARIZONA

9355 Lesquerella fendleri (Gray) Wats
Stems numerous, branching
near base. Petals yellow,
unguiculate. Pedicels
divaricately ascending
(11) nearly straight. Clumps
up to 6" in diameter.
Off Interstate 8, 14 miles
E of Santimeta, Maricopa Co
Mar 20, 1993

9356 Eruca vesicaria (L.) Cav. subsp. sativa (Miller) Thell.
Petals light yellow with a
(4) brown stripe. Extremely
abundant roadside and
fields. As 9355

CALIFORNIA

Brillenia lasiophylla (Hook. & Arn.)

9357 ~~Caulostramina~~ E. Greene

Siliques deflexed, at base of short plant, pedicel deflexed off California Route 98, 16.1 mi E of Calexico Imperial County

Mar. 21, 1993

Camissonia

9358 *Camissonia californica* (Nutt. ex Torrey & Gray) Raven

Petals yellow. Sepals green, Pedicels and ~~fruits~~ fruits strongly reflexed, basal leaves linear, Anza-Borrego Desert off Route 3-2, 50 mi S of Agua Caliente Springs, San Diego Co.

Mar 21 1993

9359 *Lepidium nitidum* Nutt. ex T. & G.

Petals white. Pedicels purplish flattened. Along Calif. Rte 79, 2 mi N San Ysabel, San Diego County

Mar 21, 1993

CALIFORNIA

(S. Wats.) Payson

9360 Cauloanthus coopere
Petals greenish white. Plants
V widely branching. Fruiting
(15) pedicels reflexed Sepals
persistent, usually crooked,
± terete. Desert, 3 mi E of
Twenty-nine Palms, San Bernardino
Co. Mar 22, 1993

(S. Wats.) Rydb.

9361 Stephanthella longiroetris
Plants plate colored as 9360
(8)

9362 Dithyrea californica Harvey
Petals white, limb widely
spreading to elegantly
(12) recurved. Calyx greenish
Closed. Branched from
base and above. Sandy
desert, Route 62, 29 mi E of Twenty
Nine Palms, San Bernardino Co.
Mar 22, 1993

CALIFORNIA

9363 Lepidium fremontii **S. Wats.**
Hemispherical plant up to 2½ feet in diameter. Petals white, unguiculate. Open desert, ca 35 mi E of Twenty Nine Palms, San Bernardino Co
Mar 22, 1993

9364 Lesquerella tenella A. Nels.
Petals yellow, unguiculate. Pedicels slightly recurved, Siliques straight to strongly recurved Sprangly, branching from base. Growing in sparsely shrubby, barren desert, 30 mi west of Needles, off Interstate 40, San Bernardino County
Mar 23, 1993

9365 Brassica tournefortii Gouan
Roadside weed. Cf 9364

CALIFORNIA

9366 Nemacaulis denudata subsp. halictorum (Cockerell) Detling
Petals yellow. Pedicels widely spreading. Leaves typically lobed. Off
(12) Road to Providence Mountains Rec. Area 4.5 mi from jct of I-40, San Bernardino Co.
Mar 23, 1993

9367 Streptanthella longirostris (S. Wats.) Rydb.
Petals barely exceeding sepals, brownish yellow.
(2) Siliques reflexed. Off
Road to Prov. Mtns Rec. Area
11.7 mi from jct of I-40
Mojave Desert San Bernardino Co
Mar. 23, 1993

9368 Arabis pulchra Jones var gracilis Jones
Petals deep purple. Old fruits with pedicels arched
(5) downward. Mojave Desert
long woody root, 3.7 mi N
of Kelso Depot, San Bernardino
County
Mar 23, 1993

CALIFORNIA

9369 Caulanthus cooperi (S. Wats.) Payson
Petals yellowish-white. In
protection of bracts. As 9368
(8)

9370 ~~Caulanthus~~ Guillenia lasiophylla (Hook. & Arn.) E. Greene
(7)
Siliques strongly reflexed.
As 9368

9371 Lepidium lasiocarpum Nutt.
Petals absent or minute.
Stamens 2. Mt. California
Rte 127, 2.5 mi N J. Baker
San Bernardino Co. Baker
(5)
Mar 31, 1993

9372 ~~Bulbenia~~ (H & A) E. L. Greene.
Caulanthus lasiophyllus
Petals white. Siliques pendent to
reflexed. As 9371

CALIFORNIA

9373 Descurainia pinnata (Walt.) Britt. subsp. halictorum (Cockerell) Detling
Petals yellow. Sepals greenish yellow. Pedicels widely spreading ± perpendicular to rachis. Desert canyon. 10.7 mi N of Shoshone. Inyo County.
Leaves pinnatifid
(8)
Mar 24, 1993

9374 Streptanthella longirostris (S. Wats.) Rydb.
Petals yellowish. Sepals brownish Siliques pendent. Cf 9373
(7)

9375 Arabis pulchra M. E. Jones var. munciensis Jones
Flowers purple. Pedicels widely spreading. growing in shrubs Mojave Desert. Perennial with a long woody root.
19 mi E of Baker, San Bernardino Co.
(9)
Mar 25, 1993

NEVADA

9376 Lesquerella tenella A. Nels.
Petals yellow, unguiculate.
Pedicels, widely spreading to arched downward
(13) Growing on Sandy Clay. Off I-15, 1 mi N of North Las Vegas, Clark Co.
Mar 25, 1993

9377 Malcolmia africana R. Br.
Petals purplish purple. Calyx erect. Seliques divaricately ascending. As 9376
(7)

9378 Stanleya pinnata (Pursh) Britt.
Perennial. Branched from the base. Buds green.
Growing in road cut, off I-15
(4) ca 6 mi. ~~North~~ west of North Las Vegas, Clark County
Mar 25, 1993

NEVADA

9379 Descurainia pinnata (Walt.) Britt. subsp. halictorum (Cockerell) Detling
~~Sisymbrium~~
Flowers bright yellow.
Abundant in an arroyo off
(9) Interstate 15, 7.5 mi South
of Glendale, Clark Co.
Mar 25, 1993

UTAH

9380 ~~Caulanthus~~ Guillenia lasiophylla (H. & A.) E. Greene Hook. & Arn.
Siliques gently reflexed
Growing Around Rocks
(5) 5 mi NW of Hurricane,
Washington Co.
Mar 26, 1993

Rydb.
9381 Streptanthella longirostris (S. Wats.)
Plants Simple or branched
Inflorescence topped with
a cluster of reddish purple
(11) buds. Siliques reflexed
Red Sandy Soil. 0.5 mi
W of Hurricane, Washington
Co.
Mar 26, 1993

UTAH

9382 Descurainia incisa (Englm.) Britt.
Leaves bipinnately lobed
Buds and petals yellow.
(11) Siliques erect from widely
Spreading pedicels. As
9381

9383 Rollins
Physaria missionensis (Englm.)
Plants simple or branched.
(10) Petals white. Inflorescence
dense and elongated. As
9381

9384 Physaria chambersii Rollins
Caudex usually branched.
Stems erect. Petals yellow
acute or sometimes bifid
(6) Red clay, steep slopes.
7.3 mi. ~~S~~ E of Hurricane
Washington Co.

Mar 26, 1993

NEVADA

9385 Lepidium lasiocarpum Nutt
Apetalous. Growing in or
near desert bushes. Route
(4) 169, ca 50 mi N of Hoover Dam
Clark County.
Mar 26, 1993

ARIZONA

9386 Arabis perennans S. Watson
Coulter branched from a
woody foot. Sepals and
petals purple. Pedicels
(19) slender, widely spreading
to arched downward.
Among volcanic rocks on
steep hillside near Kingman
Mojave County.
Mar 28, 1993
Siliques pendent

9387 Thysanocarpus laciniatus Hook.
Flowers white. Pedicels
recurved. Silique ± entire
(19) as 9386.

ARIZONA

9388 Descurainia pinnata (Walt.) Britt. subsp. glabra (Wooton & Standley) Detling
Buds and petals purplish.
(17) Stems simple. Leaves bipinnatifid
As 9386

9389 Arabis perennans S. Watson
Caudex branched, usually from a woody foot.
(14) Sepals brownish, petals purple. Pedicels widely spreading, arched.
Siliques low-spaced growing near granitic boulders, steep hillside
outskirts west of Hackberry Mojave County. Rte 66
May 29, 1993

9390 Arabis cuneifolia Nutt. ex Torrey & A. Gray
Petals white. Pedicels widely spreading. Plants mostly
(16) purple, occasionally branched from the base. Volcanic
desert near junipers. Off Rte
66, 5.7 mi W. of Treptow
Mojave Co.
Mar 29, 1993

ARIZONA

9391 Chamaesyce tenella (Pallas) DC.
Sepals erect, connivent.
Petals purple. Abundant in
(6) open pasture. Off Route 66,
just east of Truxton, Mojave Co.
Mar 29, 1993

9392 Phlyctoderopsis ambigua (S. Wats.) Al-Shehbaz
Probably biennial. Flowering
pedicels ~~and petals bright~~ purple
Sepals erect. Sepals and
(15) petals bright purple. Petals
± paired, flaring. 19.6 mi E
of Kingman, off I-40,
Mojave County
Mar 29, 1993

9393 Phlyctoderopsis (S. Wats.) Al-Shehbaz ambigua
Stems simple or branched.
Sepals and petals purplish.
(10) Stamens slightly protruding.
Pedicels widely spreading.
Up to 3 ft. Tall Siliques erect. Off US 93, 53.6
mi northwest of Wickenburg
~~Yavapai~~ County.
Mojave
Mar 30, 1993

ARIZONA

9394 Thysanocarpus curvipes Hook
Plants mostly branched above. Pedicels pendulous. Seliques fringed. Fr Mostly in bunches. As 9393.

9395 Lepidium virginicum L. var. Medium (M. nana) Hitchc.
Cauline leaves mostly linear. Pedicels and fruits widely spreading. As 9393. Near granitic boulders.
(7)

9396 Lepidium lasiocarpum Nutt. ex T. & G.
Leaves mostly sharply dentate - As 9393
(5)

9397 Lesquerella tenella A. Nelson
Stems simple. Petals yellow, unguiculate. Pedicels sigmoid - fruiting
(14) Growing in bunches and in the open on fine granitic gravel off US 93 3.2 mi northwest of Wickenburg, Yavapai County.

Mar 30, 1993

ARIZONA

9398 Lesquerella tenella A. Nels.
Mostly branching from
the base. Pedicels
(7) widely spreading, sliquets
reflexed. Off I-8, 8.6 mi
west of Paloma, Maricopa
County.

Mar 31, 1993

9399 Lepidium lasiocarpum Nutt.
Highly branched annual
(7) As 9399.

93100 Eriophyllum orientale A.
Flowers yellow. Off
V Route 60. Roadside west
(10) 8.8 mi west of Superior
Pinal County
(6) Apr 1, 1993

ARIZONA

93101 *Erigeron* subsp. *capitatum* E. Greene capitatum (Wough. ex Hoff.)
Stems single & infrequently
branched. Petals yellow
marginulate. Steep bank, near
Route 60, Globe, Gila Co.
April 1, 1993

93102 *Arabis* perennans S. Wats.
Petals purple, Siliques
widely spreading, arched.
As 93101.

93103 *Descurainia* subsp. *halictorum* (Cockerell) Detling
pinnata (Walt.) Britt.
Petals yellow. Pedicels widely
spreading. Siliques widely
spreading to slightly
ascending. Foliage gray
Off Route 90, 15.6 mi west
of San Carlos, Pinal Co.
April 1, 1993

ARIZONA

93104 Lesquerella fendleri (Gray) Wats.
Fruiting pedicels devaricately
ascending to erect, straight
leaves and stems erect.
Whitish clay. 19.3 mi west
of Bylas off Route 70
Graham County.
April 1, 1993

(10)

93105 Lesquerella gordonii (Gray) S. Wats.
Stems purple & Bees treated
near base. Petals yellow
fruiting pedicels sigmoid
whitish clay 19 mi west of
Bylas off Route 70
Graham Co. April 1, 1993

(12)

93106 Streptanthus carinatus Wright ex Gray
subsp. arizonicus (S. Wats.) Kruckeberg, Rodman & Wyatt
Calyx inflated. Petals brown
Stigma broad. Like 93105

(6)

ARIZONA

93107 Lesquerella gordonii (Gray) S. Wats.
Fls. yellow. Fruiting pedicels
reflexed. Stems widely
(8) spreading to erect. Off
Route 70. 12 mi west of
Bylas, Graham Co.
Apr. 1, 1993

93108 Lesquerella gordonii (Gray) S. Wats.
Plants branched from the
base. Sepals ~~greenish~~ yellowish
green. Petals yellow, oblanceolate
(17) fruiting pedicels reflexed.
~~Soil~~ Sandy soil in
mesquite area. Off road to
Coolidge Dam, ca. 5 miles
west of Bylas. Graham Co.
Apr 2, 1993

ARIZONA

E. Broome

93109 Eupatorium capitatum (Dougl. ex Hook.) subsp. capitatum
Plants mostly unbranched up to 3 feet tall. Petals bright yellow. Steep chalky hillside confined to chalky area along road to Coolidge Dam Graham Co.
Apr 2, 1993

93110 Lepidium lasiocarpum Nutt.
Petals not evident. Pedicels and silicques widely spreading
Cf. 93109

93111 Tetraneuris gordonii (Gray) S. Wats.
Buds greenish. Petals yellow. Fruiting pedicels erect to slightly recurved.
Off Route 191, 6 mi. South of Gila River Greenlee County.
Apr 3, 1993

grassy + rocky areas

ARIZONA

93112 Lesquerella gordonii (Gray) S. Wats.
Plants branched from the base. Petals yellow. Fruiting pedicels slightly recurved ~~Fruiting~~ Whitish gravel. Sonora desert. Off Route 78, 15.1 mi west of New Mexico border, Greenlee County
Apr. 3, 1993
(16)
Have last material of previously branched

93113 Draba mogollonica E. Greene
Perennial. Branched above. Sepals greenish Petals yellow Pine forest duff usually on steep slopes. Off Route 78, 2.5 mi SE of New Mexico border, Greenlee County
Apr 3, 1993
(9)

93114 Thlaspi montanum L. var. fendleri (Gray) P. Holmgren
Perennial ~~Plant~~ Sepals purple, petals lilac
Fruiting pedicles and pelques widely spreading. As 93113
(11)

NEW MEXICO

93115 *Lesquerella pinetorum Woot. & ~~wootonii~~ ~~Rydb.~~ Standl.
Perennial. Flowers yellow.
Fruiting pedicels straight,
divaricately ascending.
(8) Open pinon-juniper woods
